GIVE WRIST WATCH TO DRAFTED PRINTER

With the thirty men of the first contingent who leave Phoenix this morning for Camp Funston goes a member of the composing room staff of the Republican, William P. Doherty, one of the best known printers in the state and also prominently identified with the typographical union and labor circles, was among the chosen. Doherty, "darkening" his machine at the end of the "shift" has taken up the life of a soldier.

For several years, Doherty, who served his apprenticeship as a printer in the Republican office, held a situation in the same office. He, however, quit his position some time ago to become editor of the Arizona Labor Journal.

At the completion of the program at the city hall plaza last night, Doherty returned to the composing room of the Republican where a "chapel" meeting was held, Clyde L. Timberlake acting as chairman. In a brief speech Timberlake presented Doherty with a Waltham, eleven-jewel wrist watch, the gift jointly of the staff of the chapel and the management of the Republican. The watch is engraved as follows: "William P. Doherty, Arizona Republican News Chapel, Phoenix, Ariz. Doherty."

Responded with a few remarks in accepting the gift.

William P. Doherty is the first member of the Arizona Typographical Union to be drafted.

How to address mail to the men from Arizona at the mobilization camp is worrying families and friends in Phoenix. Before the assignment of the men to their regiments it has been requested by the chief of staff at Camp Funston, where the Arizona men will mobilize, that mail be addressed as follows:

"John Jones, Maricopa county, Arizona, Camp Funston, Kansas."

The men will be assigned with reference to the communities from which they come and all mail from each state, or from certain sections of their home state, will be together. So if the home town or county and home state is placed just below the name in brackets the mail clerk will send the mail to the regiments composed of men from that community, and the mail will be sorted and distributed there.

GAY STATE FLAG FOR FIRST ARIZONA

Governor Campbell will go to Naco on Monday to present the state flag to the First Arizona Regiment. This is the flag whose design was adopted by the legislature. The design was sent to a Philadelphia firm engaged in the manufacture of flags and banners.

It is of standard size and will probably be, so far as colors are concerned, the gayest flag to be seen on the French front or any front where the First Arizona may be stationed. The colors are red, yellow and blue, the lower half of the flag being a blue field, the upper part consisting of radiating streamers of yellow and red, the yellow being symbolical of the golden treasures of Arizona. A great copper star is imposed upon the center of the flag. The flag is ordered with a heavy golden fringe.

The flag is a gift to the regiment of the Daughters of the American Revolution. The funds were collected from citizens of Phoenix by Mrs. C. F. Ainsworth of the chapter.

The regular presentation services will take place at Naco on Monday. When the designation of the First Arizona is completed it will be embroidered on the blue field.

NO MORE HUSBANDS. DECLARES DIVORCEE

In granting Mrs. Ethel M. Siford a divorce from her husband, Harry Siford, Judge Stanford took occasion to inform the attractive divorcee that in accordance with the Arizona laws she would be unable to marry again for a year.

Not one whit embarrassed, the pretty young woman laughingly stated she had just about what she wanted of husbands. She said she had not only had to provide for herself, but had to contribute to the support of Mr. Siford. Three weeks after the marriage, which took place in St. Joseph in July, 1915, her husband failed to provide for her, alleged the witness, who also claimed that the defendant cursed, nagged and mistreated her.

The court in giving the plaintiff the divorce gave her the right to resume her maiden name, Ethel M. Hughes.

There were several other divorces on yesterday's docket. Lewis Ray was granted a legal separation from Mrs. Alma Ray on the ground of desertion. Mrs. Mary Peterson was divorced from Theodore Peterson on a showing of cruelty.

MOTHER AND CHILD RETURNED TO COURT

Taken from the train at Wickenburg Wednesday evening and returned to Phoenix by the authorities, Mrs. Hazel Smith appeared before Judge Stanford a few hours later to answer for attempting to remove her three-year-old daughter Virginia from this county.

Some time ago Mrs. Smith brought suit against her husband, Stanley Smith, for the custody of their small daughter. While the action was pending, the court issued an order requiring the little girl, wanted by both father and mother, remain in the jurisdiction of the court. When it was learned that Mrs. Smith was taking Virginia away, she was stopped by sheriffs of the county.

She explained to the court yesterday that she was en route for Winslow to visit her mother and had intended returning to Phoenix. Mr. and Mrs. Smith in court yesterday agreed that the child should remain in the mother's custody while the case was pending and that Mrs. Smith should receive \$50 a month alimony.

ARIZONA GROCERY CO. ENLARGING STORE

Because of increased business and inadequate quarters to operate on big business lines, the Arizona Grocery company has leased the store room directly adjoining an annex of the room in which they are located at the present time, at the corner of Washington and Third streets.

According to the head of the firm, the additional room will allow the company to purchase goods in larger quantities. Arrangements already have been made for the remodeling of the room, which is to be ready for occupancy within the near future.

FINANCES AND MARKETS

[Republican A. P. Leased Wire]

NEW YORK, Sept. 7.—The stock market was thrown into confusion by the outbreak of today's operations on announcement from Washington of the shipping board's plan to reduce ocean freight rates by 50 to 75 per cent.

Steamship shares fell 3 to 5 points in the heavy selling of the first half hour and the stocks of other companies whose future hinges largely upon the attitude of the government toward

ships gained 10 to 15 per cent and provisions 12 to 15 per cent.

Strong houses took the lead from the outset in regard to the buying of corn.

Despite liberal sales here to realize profits, the market finished at nearly top prices of the session.

Fears that the widespread rains would greatly hinder threshing, gave much impetus to the upward swing of the oats market. Receipts continued relatively small and there was evidence of some fresh demand from the seaboard. It did not develop until after the close that private forecasts of the government estimate of yield had been under the official figures.

Attempts to prophesy as to the government estimate of the spring wheat crop turned out to have been too optimistic. A popular theory that increase of 25,000,000 bushels would be indicated as compared with the prediction in August had to be thrown away when after the close the official figures from Washington proved to be less than half as large.

Provisions rose with grains in use value of hogs. Word that the government would not at least for the present try to fix prices of meats tended to accelerate the advance, and so too did urgency of demand at Liverpool.

price fixing lost 1 to 3. Rails were featured during the active initial trading by a new low quotation for New Haven at 24, and General Motors supplemented yesterday's loss of 5 points with an additional recession of as much, later extending its setback to a total of 34 points.

Standard shares were well supported during the reversal, recovering the greater part of their losses before midday. Later, when dealings dwindled, this improvement became more pronounced.

Pressure was resumed in the last hour, together with realizing for profits. United States Steel yielded from 10 1/2 to 10 3/4, closing at that quotation, a net loss of 1/4 of a point. Bethlehem Steel was under greater restraint, making an extreme decline of 3 points. Total sales \$15,000 shares.

Bonds were heavy, the liberty issue ranging from 99 1/4 to 99 3/4. Total sales per value, \$3,840,000.

United States bonds, old issues, were unchanged on call.
